PRODUCTS

Superior Cleaning Power

A leader in the cleaning tools category for over 40 years, Scotch-Brite™ products provide you with quality, durability and performance. Backed by innovation and technology, 3M continues to develop efficient and cost effective products for your maintenance needs.

In side-by-side same product comparisons, Scotch-Brite™ Hand Pads are more aggressive than most competitive pads removing up to twice as much baked-on food from cookware and dishes.* Being more aggressive means that less effort is required *and* less time is needed to complete each cleaning operation.

Look to the family of Scotch-Brite™ cleaning products for the right tool for each cleaning job – from heavily soiled griddles to the most delicate surfaces.
