

MS Laundry Program

Your Partner in Clean

MS Laundry Chemicals can be dispensed together with electronic laundry detergent dispensers that are integrated into your washing program. We will provide you with selector pad that allowed your laundry operators to select the washing program and the dispenser will do the pump the chemicals automatically into your washer hence increase chemical efficiency and good cleaning results.

Meridian Chem Sdn Bhd is a Halal and GMP certified company producing quality detergents since 1999. The bio degradable formulations are selected for best performance at the lowest possible use cost especially designed to be used at a commercial laundry operation washing natural or synthetic fibers.

Meridian Chem Sdn Bhd

We used to spend average 15% of time to complete washing of our laundry because of rejects. After installing an electronic laundry dispensers and changing chemicals, our reject rate reduces dramatically and the benefit is that we are able to save overtime costs and linen lifespan.
