## Dishwasher rental program

Clean tableware means a lot to your restaurant image and not withstanding the bad reputation that will give your organization for unclean oily dishes presented to your customers. We in Meridian Chem can help by providing effective high temperature dishwasher machine with the right chemistry to ensure that you have clean and dry tableware all the time without the unhygienic practice to wipe dry.

We offer fixed monthly rental pricing inclusive of chemicals for dishwasher machine uses will take your headache away with local municipality hygiene requirement and since labor cost is expensive. With our auto dishwasher machine, you can save on labor cleaning crew salary on cleaning tableware the traditional back alley cleaning.

## Professional Housekeeping

Meridian Chem is well known for its polishing compound and stone troubleshooting solutions for the interior designing industry, hotels and resorts. Our floorcare program covers both resilience and non resilience floor like marble, granite, porcelain tiles, vinyl and even concrete. We offer complete cleaning and gloss restorer for routine, interim and restoration maintenance program.

For soft flooring, we also have solutions for soft timber wood, carpet, linoleum and vinyl flooring. With wood, we have timber star polishing compound for quick shine and cover light scratches of the timber floor.

## Decontamination 180 days

BRShield is a durable long-lasting chemically bonded residual antimicrobial coating containing a quaternary based organo-silane compound. This scientifically proven chemical formula is unique in that it bonds chemically at the molecular level onto any surface to which it is applied.

Once chemically bonded, the surface coating cannot be easily removed after routine cleaning and housekeeping procedures including the regular use of alcohol or alkaline based detergents. Henceforth, once applied BR Shield will have a 180 days - 24 hours protection against harmful viruses, fungi and bacteria.
